

12th EGS Congress
Prague, Czech Republic
19-22 June 2016

Preliminary Scientific Program

Any views expressed at this meeting are those of the presenters and not necessarily those of the European Glaucoma Society

12th EGS Congress

Prague, Czech Republic
19-22 June 2016

Sunday 19 June, 2016

14.45 Symposium of the Czech and Slovak Glaucoma Societies

17.45 *Chairs:* **Marta Karhanová** (Czech Republic), **Mária Praženicová** (Slovak Republic),
Ingrida Januleviciene (Lithuania), **Rohit Varma** (USA)

Is the decrease of intraocular pressure in itself enough to stop the progression of normal tension glaucoma?

Tomáš Kuběna, Pavel Černošek, Helena Vaňharová (Czech Republic)

24-hour IOP monitoring in normal tension glaucoma - Case reports

Lucie Kondrová, Marek Fichtl, Eva Růžičková (Czech Republic)

Translaminar gradient - A risk factor in glaucoma

Jozef Čmelo (Slovak Republic)

Evaluation of Vitamin D status and Vitamin D supplementation in glaucoma patients

Hana Pešková (Czech Republic), **Eva Dršatová** (Austria)

The biomechanical properties of the cornea and the intraocular pressure lowering medication

Ivana Liehneová (Czech Republic)

Trendelenburg position and pressure behaviour during prostate robotic surgery

Mária Praženicová (Slovak Republic)

Glaucoma in Czech patients with posterior polymorphous corneal dystrophy

Petra Lišková, Marek Fichtl, Martin Filipec, Michalís Palos, Pavlína Skalická (Czech Republic)

Pigment dispersion syndrome and pigmentary glaucoma - Study results

Sylvia Lea Ferková (Slovak Republic)

Glaucoma and ocular hypertension in patients with thyroid-associated orbitopathy

Marta Karhanová (Czech Republic)

Correlation between retinal nerve fibre thickness, GCC and visual fields in primary open angle glaucoma

Christiána Mattová, Jana Mattová (Slovak Republic)

Heidelberg retina tomography pitfalls

Petr Mlčák, Zdeněk Fryšák, Marta Karhanová, Klára Marešová (Czech Republic)

The assessment, diagnosis and glaucoma prognosis supported by the FORUM Glaucoma Workplace software

Jara Hornová, Ondřej Rusňák (Czech Republic)

Canaloplasty glaucoma surgery - Clinical outcomes

Soňa Karlovská, Jana Bezděková, Ivana Liehneová (Czech Republic)

StarFlo - Suprachoroidal drainage implant - First experience

Marek Fichtl, Lucie Kondrová, Eva Růžičková (Czech Republic)

SUNDAY
19 JUNE 2016

12th EGS Congress

Prague, Czech Republic
19-22 June 2016

Sunday 19 June, 2016

14.45 **Symposium of the Czech and Slovak Glaucoma Societies** *(cont.)*

17.45 **Chairs: Marta Karhanová** (Czech Republic), **Mária Praženicová** (Slovak Republic),
Ingrida Januleviciene (Lithuania), **Rohit Varma** (USA)

Refractory uveitic glaucoma treated by Ex-Press® implantation and bevacizumab postoperative subconjunctival injections

Klára Marešová (Czech Republic)

A case report of the complex surgical management of complicated cataract and resistant secondary glaucoma in a young patient.

Martin Fučík (Czech Republic)

18.00

Welcome Reception

12th EGS Congress

Prague, Czech Republic
19-22 June 2016

Monday 20 June, 2016

8.30 Congress Hall

9.50 Main Session

Challenges in diagnosis

Chairs: **Leopold Schmetterer** (Austria), **Anja Tuulonen** (Finland)

Facilitators: **Joseph Caprioli** (USA), **David Garway-Heath** (United Kingdom)

8.30 Introduction

8.32 Glaucoma suspects and pre-perimetric glaucoma: revisiting definitions and weighting clinical value
Anders Heijl (Sweden)

8.42 Can glaucoma screening be cost effective?
Anja Tuulonen (Finland)

8.52 Positioning imaging in diagnosis and staging by glaucoma severity
Ingrida Januleviciene (Lithuania)

9.02 Pitfalls in the OCT examination process
Gábor Holló (Hungary)

9.12 Pitfalls in visual field examination process
Jean-Philippe Nordmann (France)

9.22 How to implement rapidly developing imaging technology in clinical practice
Leopold Schmetterer (Austria)

9.32 Discussion

9.50 - 10.15

Congress Welcome & EGS Showcase

10.15 Poster Session 1

10.45

MONDAY
20 JUNE 2016

12th EGS Congress

Prague, Czech Republic

19-22 June 2016

Monday 20 June, 2016

10.45 Congress Hall

12.20 Main Session

AAO/EGS Joint Session

Genes and big data - Impact on diagnostics

Chairs: **Fotis Topouzis** (Greece), **Ananth C. Viswanathan** (United Kingdom)

Facilitators: **Rupert Bourne** (United Kingdom), **Louis R. Pasquale** (USA)

10.45 Introduction

10.47 Undiagnosed glaucoma vs over-diagnosis
Fotis Topouzis (Greece)

10.57 Learning from big data and large cohorts - Large cohorts consortia
Paul Healey (Australia)

11.07 Learning from big data and large cohorts - Health care/insurance data
Anne L. Coleman (USA)

11.17 Learning from big data and large cohorts - Big data collection from clinics
David Crabb (United Kingdom)

11.27 Biobanks: genes, phenotypes and what else?
Ananth C. Viswanathan (United Kingdom)

11.37 Glaucoma imaging biomarkers - Are we there yet?
Robert N. Weinreb (USA)

11.47 Predicting risk in exfoliation glaucoma: biomarkers, bad genes and beyond
Tin Aung (Singapore)

11.57 Family history in diagnosis
Wallace Alward (USA)

12.07 Discussion

12.30 Educational Partner

14.00 Lunchtime Symposium

MONDAY
20 JUNE 2016

12th EGS Congress

Prague, Czech Republic
19-22 June 2016

Monday 20 June, 2016

14.15 Instructional Courses 1

15.15

- C1.1 **Uveitic glaucoma: a diagnostic approach**
Course Director: Philippe Gaston Kestelyn (Belgium)
- C1.2 **Target IOP - How much is enough?**
Course Director: George L. Spaeth (USA)
- C1.3 **Generics in glaucoma management**
Course Director: Frances Meier-Gibbons (Switzerland)
- C1.4 **Improving success of trabeculectomy part 1: pre- and postoperative management**
Course Director: Peng Tee Khaw (United Kingdom)
- C1.5 **Cataract and glaucoma part 1: phaco for glaucoma**
Course Director: Carlo Enrico Traverso (Italy)
- C1.6 **Glaucoma surgeries: a bird's-eye view**
Course Director: Herbert Reitsamer (Austria)
- C1.7 **Ocular hypertension: when to treat?**
Course Director: Stefano Miglior (Italy)
- C1.8 **OCT: recent advances**
Course Directors: Claude Francis Burgoyne (USA), Balwantray Chauhan (Canada)
- C1.9 **Glaucoma management in 2020 - What will we be doing?**
Course Director: Jeffrey M. Liebmann (USA)
- C1.10 **SIG Meeting - Surgery**
SIG Chairs: Julián García-Feijoo (Spain), Franz Grehn (Germany)
- C1.11 **Screening for glaucoma: a yes or a no?**
Course Director: Anne L. Coleman (USA)
- C1.12 **Cost/effective glaucoma practice**
Course Director: Anja Tuulonen (Finland)
- C1.13 **Critical appraisal of evidence**
Course Directors: Augusto Azuara-Blanco (United Kingdom), Richard Wormald (United Kingdom)
- C1.14 **Glaucoma subspecialty training and exam part 1: EBO exam&certification**
Course Director: Gordana Sunaric Mégevand (Switzerland)

15.15 Poster Session 2

15.45

MONDAY
20 JUNE 2016

12th EGS Congress

Prague, Czech Republic

19-22 June 2016

Monday 20 June, 2016

15.45 Instructional Courses 2

16.45

- C2.1 **A dive into clinic: slit-lamp findings**
Course Director: Andreas Boehm (Germany)
- C2.2 **OCT: which machines are out there and how do they compare?**
Course Director: Michele Iester (Italy)
- C2.3 **Personalized medicine in glaucoma: risk factors and phenotyping**
Course Director: Fotis Topouzis (Greece)
- C2.4 **Uveitic glaucoma: medical management**
Course Director: Philippe Gaston Kestelyn (Belgium)
- C2.5 **Improving success of trabeculectomy part 2 (antifibrosis)**
Course Director: Peng Tee Khaw (United Kingdom)
- C2.6 **Cataract and glaucoma part 2: phaco in glaucoma**
Course Director: Carlo Enrico Traverso (Italy)
- C2.7 **Premium intraocular lens in glaucoma patients: yes or no?**
Course Director: Philippe Denis (France)
- C2.8 **Surgery in kids: what are the options?**
Course Director: Franz Grehn (Germany)
- C2.9 **SIG Meeting - Angle-closure**
SIG Chairs: Gus Gazzard (United Kingdom), *John Thygesen* (Denmark)
- C2.10 **Retinal venous pressure and glaucoma**
Course Directors: Josef Flammer (Switzerland), *Katarzyna Konieczka* (Switzerland)
- C2.11 **Exfoliation: update and presentation of the new XFS/XFG book edition (course organized by the XFS/XFG SIG)**
Course Directors: Gábor Holló (Hungary), *Anastasios G.P. Konstas* (Greece)
- C2.12 **How to design our clinic to optimize efficacy?**
Course Director: Stephen Vernon (United Kingdom)
- C2.13 **Glaucoma subspecialty training and exam part 2: fellowships**
Course Director: Gordana Sunaric Mégevand (Switzerland)
- C2.14 **ISGS Course**
Course Director: Tarek Shaarawy (Switzerland)

MONDAY
20 JUNE 2016

12th EGS Congress

Prague, Czech Republic
19-22 June 2016

Monday 20 June, 2016

17.00 Congress Hall

18.05 Main Session

Teleglaucoma: a view to the future of glaucoma care

Session co-organized with Teleglaucoma Society

Chairs: Gus Gazzard (United Kingdom), Louis R. Pasquale (USA)

Facilitators: Tin Aung (Singapore), Anja Tuulonen (Finland)

17.00 Introduction

17.02 Overview of Telemedicine, TeleOphthalmology and the Teleglaucoma Society
Karim Damji (Canada)

17.07 Optic nerve imaging tools
Albert Khouri (USA)

17.17 Digital visual function tests for glaucoma
Brian June Song (USA)

17.27 Experience of telemedicine in routine glaucoma management
Hans G. Lemij (The Netherlands)

17.37 Teleglaucoma screening for angle closure glaucoma
Gus Gazzard (United Kingdom)

17.47 The future of Teleglaucoma
Louis R. Pasquale (USA)

17.52 Discussion

MONDAY
20 JUNE 2016

Monday 20 June, 2016

18.10 Congress Hall

19.15 Main Session

Perimetry and imaging: current best practice and new developments

Session Co-organized with Imaging and Perimetry Society

Chairs: Paul Artes (United Kingdom), David Garway-Heath (United Kingdom)

Facilitators: David Crabb (United Kingdom), Francisco Javier Goñi (Spain)

18.10 Introduction

18.12 Visual fields - which outcomes?
Paul Artes (United Kingdom)

18.22 Imaging - which outcomes?
Don Hood (USA)

18.32 When to acquire data?
Nomdo Jansonius (The Netherlands)

18.42 New developments in visual function testing
Roger Anderson (United Kingdom)

18.52 New developments in imaging
David Garway-Heath (United Kingdom)

19.02 Discussion

20.30 - 22.00
Social Dinner

MONDAY
20 JUNE 2016

12th EGS Congress

Prague, Czech Republic
19-22 June 2016

Tuesday 21 June, 2016

8.30 Congress Hall

10.15 Main Session

Glaucoma damage progression

Chairs: Jeffrey M. Liebmann (USA), Thierry Zeyen (Belgium)

Facilitators: Balwantray Chauhan (Canada), Michele Iester (Italy)

- 8.30 Introduction
- 8.32 Anatomy debate: I prefer fibers
Jeffrey M. Liebmann (USA)
- 8.40 Anatomy debate: I prefer disc
Fabian S. Lerner (Argentina)
- 8.48 Visual function debate: I prefer MD
Francisco Javier Goñi (Spain)
- 8.56 Visual function debate: i prefer VFI
Boel Bengtsson (Sweden)
- 9.04 Technology debate: I sold my perimeter
Julián García-Feijoo (Spain)
- 9.12 Technology debate: I sold my imaging device
Alain Bron (France)
- 9.20 What RNFL rate of progression is significant?
Joseph Caprioli (USA)
- 9.31 Measuring progression in advanced glaucoma: what is the role of structural methods?
Stefano Miglior (Italy)
- 9.42 Can imaging substitute ophthalmoscopy and optic disc photos in diagnosis and follow-up?
Thierry Zeyen (Belgium)
- 9.53 Discussion

10.15 Poster Session 3

10.45

TUESDAY
21 JUNE 2016

Tuesday 21 June, 2016

10.45 Congress Hall

12.20 Main Session

Understanding IOP

Chairs: **Stefano Gandolfi** (Italy), **M. Roy Wilson** (USA)

Facilitators: **Neeru Gupta** (Canada), **George L. Spaeth** (USA)

10.45 Introduction

10.47 Gadgets to measure IOP: are new tonometers toys or tools?
Aachal Kotecha (United Kingdom)

10.57 Target pressure: what's the evidence? - Pros
M. Roy Wilson (USA)

11.05 Target pressure: what's the evidence? - Cons
Kuldev Singh (USA)

11.13 Do we need 24-hour measurements? - Pros
Anastasios G.P. Konstas (Greece)

11.21 Do we need 24-hour measurements? - Cons
Stefano Gandolfi (Italy)

11.29 The mean, the peak or the fluctuation?
Luca Rossetti (Italy)

11.40 IOP and the CSF pressure - Holy Grail or empty chalice?
Hanspeter Killer (Switzerland)

11.51 IOP and the blood pressure - What are we missing
Ki Ho Park (South Korea)

12.02 Discussion

12.30 Educational Partner

14.00 Lunchtime Symposium

12th EGS Congress

Prague, Czech Republic
19-22 June 2016

Tuesday 21 June, 2016

14.15 Instructional Courses 3 **15.15**

- C3.1 **Normal-tension glaucoma patients part 1: are they different?**
Course Director: Ingeborg Stalmans (Belgium)
- C3.2 **Visual field: the basics (devices, strategies, printouts)**
Course Director: Alfonso Anton Lopez (Spain)
- C3.3 **Imaging: is disc photography useful?**
Course Director: Rupert Bourne (United Kingdom)
- C3.4 **OCT in glaucoma: a clinical journey part 1**
Course Director: Hans G. Lemij (The Netherlands)
- C3.5 **Pseudo-exfoliation - Clinical implications**
Course Directors: Gábor Holló (Hungary), **Anastasios G.P. Konstas** (Greece)
- C3.6 **Improving success of non-penetrating surgery part 1: enhancing NPS**
Course Director: André Mermoud (Switzerland)
- C3.7 **Complications of glaucoma surgery part 1: more on filters**
Course Director: Carlo Enrico Traverso (Italy)
- C3.8 **Ocular surface in glaucoma**
Course Director: Renato De Natale (Switzerland)
- C3.9 **Positioning MIGs in management algorithm**
Course Director: Norbert Pfeiffer (Germany)
- C3.10 **Future technologies in glaucoma**
Course Director: Leopold Schmetterer (Austria)
- C3.11 **SIG Meeting - Genetic epidemiology**
Chairs: Fotis Topouzis (Greece), **Ananth C. Viswanathan** (United Kingdom)
- C3.12 **Glaucoma in a Europe in crisis (organized by Health Economics SIG)**
Course Directors: Augusto Azuara-Blanco (United Kingdom), **Anja Tuulonen** (Finland)
- C3.13 **Electronic medical records heaven**
Course Director: James Morgan (United Kingdom)
- C3.14 **How to interpret / compare surgical studies**
Course Director: Julián García-Feijoo (Spain)

15.15 Poster Session 4 **15.45**

TUESDAY
21 JUNE 2016

Tuesday 21 June, 2016

15.45 Instructional Courses 4 16.45

- C4.1 **Plateau iris: a diagnostic and therapeutic challenge**
Course Director: Tin Aung (Singapore)
- C4.2 **A dive into the clinic: indentation gonioscopy (advanced level)**
Course Director: Yves Lachkar (France)
- C4.3 **Differential diagnosis: if not glaucoma, then what is it?**
Course Director: Mark Moster (USA)
- C4.4 **A dive into clinic: gonioscopy**
Course Director: Anton Hommer (Austria)
- C4.5 **OCT in glaucoma: a clinical journey part 2**
Course Director: Hans G. Lemij (The Netherlands)
- C4.6 **Normal-tension glaucoma part 2: should we treat differently?**
Course Director: Ingeborg Stalmans (Belgium)
- C4.7 **Visual field: how to monitor progression?**
Course Director: Anders Heijl (Sweden)
- C4.8 **Improving success of non-penetrating surgery part 2: which technique for which patient?**
Course Director: André Mermoud (Switzerland)
- C4.9 **Complications of glaucoma surgery part 2: more on tubes**
Course Director: Carlo Enrico Traverso (Italy)
- C4.10 **Complementary therapies for glaucoma (yoga, meditation, lifestyle modification and electric brain stimulation)**
Course Director: Tanuj Dada (India)
- C4.11 **SIG Meeting - OBF**
Chair: Leopold Schmetterer (Austria)
- C4.12 **IOP measurement: caveats and novel techniques**
Course Director: Aachal Kotecha (United Kingdom)
- C4.13 **Evidence-based glaucoma management**
Course Director: David Garway-Heath (United Kingdom)
- C4.14 **History of ophthalmology told by stamps**
Course Director: Thierry Zeyen (Belgium)

TUESDAY
21 JUNE 2016

12th EGS Congress

Prague, Czech Republic
19-22 June 2016

Tuesday 21 June, 2016

17.00 Congress Hall

18.30 Main Session

Innovations in management

Chairs: **Balwantray Chauhan** (Canada), **Ingeborg Stalmans** (Belgium)

Facilitators: **Keith Martin** (United Kingdom), **John Thygesen** (Denmark)

17.00 Introduction

17.02 What does "stable glaucoma" really mean: measuring disease activity and treatment response
Francesca Cordeiro (United Kingdom)

17.13 Integrating structural and functional outcomes to improve detection of glaucoma progression
Balwantray Chauhan (Canada)

17.24 Innovative care delivery: how to provide most appropriate care at different stages?
Ingeborg Stalmans (Belgium)

17.35 How to follow up patients after peripheral iridotomy
Barbara Cvenkel (Slovenia)

17.46 Modern glaucoma management from the perspective of the doctor
Anton Hommer (Austria)

17.54 Modern glaucoma management from the perspective of the patient
Carol Bronze (United Kingdom)

18.02 The significance of meaningful patient-physician communication
Pradeep Y. Ramulu (USA)

18.13 Discussion

18.30 National Societies Meetings &

19.30 Parallel Industry Workshops

TUESDAY
21 JUNE 2016

Wednesday 22 June, 2016

8.30 Congress Hall

9.00 Main Session

WGA 2016 Consensus Meeting - Diagnosis of primary open-angle glaucoma

8.30 **Robert N. Weinreb** (USA)

9.00 Congress Hall

10.15 Main Session

Putting the EGS Guidelines into practice: "the goal of glaucoma treatment"

Chairs: **Robert Fechtner** (USA), **Roger A. Hitchings** (United Kingdom)

Facilitators: **Augusto Azuara-Blanco** (United Kingdom), **Ananth C. Viswanathan** (United Kingdom)

9.00 Introduction

9.02 Quality of life - Impact of damage on QoL
John Somner (United Kingdom)

9.13 Quality of life - Impact of treatment on QoL
Peter Shah (United Kingdom)

9.24 Sustainable costs
Carroll Webers (The Netherlands)

9.35 Under- and over-treatment
Robert Fechtner (USA)

9.46 The EAGLE Trial: implications for the management of angle closure
Augusto Azuara-Blanco (United Kingdom)

9.57 Discussion

10.15 Poster Session 5

10.45

WEDNESDAY
22 JUNE 2016

12th EGS Congress

Prague, Czech Republic
19-22 June 2016

Wednesday 22 June, 2016

10.45 Congress Hall

12.20 Main Session

Hot topics: targets and developments in medical treatment

Chairs: **Keith Martin** (United Kingdom), **Norbert Pfeiffer** (Germany)

Facilitators: **Christophe Baudouin** (France), **Francesca Cordeiro** (United Kingdom)

10.45 Introduction

10.47 IOP lowering treatment: what is in the pipeline?
Norbert Pfeiffer (Germany)

10.58 Drug delivery: new systems for old drugs
James David Brandt (USA)

11.09 Disease modifying treatments: from neural rescue to gene therapy. Are we there yet?
Neeru Gupta (Canada)

11.20 Neuroprotection and neuro-regeneration - What's the difference?
Keith Martin (United Kingdom)

11.31 Glaucoma and immunology: is it coming to the clinic?
Franz Grus (Germany)

11.42 Lamina bio-mechanics and axonal changes: where are we now?
Claude Francis Burgoyne (USA)

11.53 Weighting the value of the preservative-free treatment
Philippe Denis (France)

12.04 Discussion

12.30 Educational Partner

14.00 Lunchtime Symposium

WEDNESDAY
22 JUNE 2016

Wednesday 22 June, 2016

14.15 Instructional Courses 5 15.15

- C5.1 **Angle-closure - Specific diagnostic and therapeutic approach**
Course Directors: Gus Gazzard (United Kingdom), *John Thygesen* (Denmark)
- C5.2 **A dive into clinic: challenging medical cases (diagnosis)**
Course Director: Alain Bron (France)
- C5.3 **Monitoring progression: how?**
Course Director: Francesca Cordeiro (United Kingdom)
- C5.4 **Improving success of tubes part 1: tips for getting started**
Course Director: Susana Duch Tuesta (Spain)
- C5.5 **Surgical complications part 3: non-penetrating**
Course Director: Jean-Philippe Nordmann (France)
- C5.6 **Preservative-free glaucoma - The science behind the noise**
Course Director: Christophe Baudouin (France)
- C5.7 **Angle-closure: iridotomy or phaco?**
Course Director: Clement Chee Yung Tham (Hong Kong)
- C5.8 **Secondary glaucomas: surgical approach**
Course Director: Paolo Brusini (Italy)
- C5.9 **Innovation in drug delivery**
Course Director: Tina Wong (Singapore)
- C5.10 **Ocular blood flow: what is new?**
Course Director: Ingrida Januleviciene (Lithuania)
- C5.11 **Omics research - The fourth paradigm**
Course Director: Jan Schouten (The Netherlands)
- C5.12 **Normal, glaucoma or masquerade: tips on when to refer and when to discharge**
Course Director: John Salmon (United Kingdom)
- C5.13 **OCT: Importance of test quality in OCT series, OCT frequency of testing**
Course Director: Andrew Tatham (USA)
- C5.14 **Unraveling the EGS Guidelines**
Course Director: John Thygesen (Denmark)

15.15 Poster Session 6 15.45

WEDNESDAY
22 JUNE 2016

12th EGS Congress

Prague, Czech Republic
19-22 June 2016

Wednesday 22 June, 2016

15.45 Instructional Courses 6 16.45

- C6.1 **The big eyed baby: a diagnostic approach**
Course Director: Asimina Mataftsi (Greece)
- C6.2 **A dive into clinic: challenging cases (medical treatment)**
Course Director: Carroll Webers (The Netherlands)
- C6.3 **Glaucoma suspects: what do to?**
Course Director: Anthony King (United Kingdom)
- C6.4 **Cyclodestruction - Safe surgery or last resort?**
TBD
- C6.5 **Improving success of tubes part 2: tips for tricky cases**
Course Director: Susana Duch Tuesta (Spain)
- C6.6 **A dive into clinic: challenging surgical cases**
Course Director: Leon Au (United Kingdom)
- C6.7 **Refractive surgery and glaucoma**
Course Directors: Vassilis Kozobolis (Greece), **Miguel Teus** (Spain)
- C6.8 **Laser trabeculoplasty: myths and facts**
Course Director: Barbara Cvenkel (Slovenia)
- C6.9 **MIGs and MICs: is the smaller the better?**
Course Director: Stefano Gandolfi (Italy)
- C6.10 **Strategies for measuring neuroprotection (organized by SIG Neuroprotection)**
Course Director: Francesca Cordeiro (United Kingdom)
- C6.11 **Using math modeling for the understanding of risk factors in glaucoma**
Course Director: Alon Harris (USA)
- C6.12 **Glaucoma through the eyes of the patient**
Course Director: David Crabb (United Kingdom)
- C6.13 **Experience in shared care and telemedicine**
Course Director: Keith Martin (United Kingdom)
- C6.14 **Looking beyond European borders**
Course Director: Jost B. Jonas (Germany)

Wednesday 22 June, 2016

17.00 Congress Hall

18.45 Main Session

Glaucoma surgery: current status and developments

Chairs: **Franz Grehn** (Germany), **Carlo Enrico Traverso** (Italy)

Facilitators: **John Salmon** (United Kingdom), **Gordana Sunaric Mégevand** (Switzerland)

17.00 Introduction

17.02 Current concepts of outflow resistance mechanisms
Ernst Tamm (Germany)

17.13 How to measure success and failure of surgery
Hannu Uusitalo (Finland)

17.24 Placing selective laser trabeculoplasty in the treatment algorithm
Ivan Goldberg (Australia)

17.35 Trabeculectomy versus all the rest: making the choice
Franz Grehn (Germany)

Debate: tubes as initial surgery

17.46 Pros
Keith Barton (United Kingdom)

17.54 Cons
Tanuj Dada (India)

18.02 Strategies in the surgical management of primary angle closure glaucoma
Clement Chee Yung Tham (Hong Kong)

18.13 Initial treatment: medication, laser or surgery
Carlo Enrico Traverso (Italy)

18.24 Discussion

18.45
Farewell Reception
